

FOLKEDIPLOMATI

Norge

31. August 2018

Dear Minister Nikonorova.

On behalf of the Norwegian organization «People's Diplomacy Norway», I would like to extend my condolences to you and to the people of the Donetsk People's Republic.

Aleksander Zakharchenko was a true leader in these difficult times and the DNR has lost another of her heroes. I had the opportunity to meet the head of the Republic twice this year and personally I was impressed by his courage, determination and his vision for the future of the Donetsk People's Republic.

I'm sure those responsible for this cowardly and insidious assassination will be fully held accountable.

If desired, we would be honored to attend the funeral with two Norwegian people. I ask for feedback to my privat adress: hendrik.weber@posteo.de

I wish you and the people of Donbass much strength and strength to cope with this heavy loss.

Sincerely

Hendrik Weber
